DATE MAILED: 11/22/2004

Please find below and/or attached an Office communication concerning this application or proceeding.

Unacceptable Appeal Brief

The arguments presented in the Brief, filed on 07/28/2,004, do not address the rejection mailed on 04/15/2,004. In fact, the Applicant's arguments are based on a 103 Rejection in which the claimed invention is said to unpatentable over Goldman in view of Scroggie. However, the Scroggie's reference was removed from the present Office Action. Therefore, the present arguments are null and void. Applicant is required to withdraw the current arguments and submit new arguments directed to the current Office Action, as it now stands, before an Examiner's Answer can be issued. A short statutory period (30 days or a month) is herein being given to respond to this correspondence.
